THE STORY BEHIND
NEMO POWER TOOLS

WHO WE ARE & WHAT WE DO

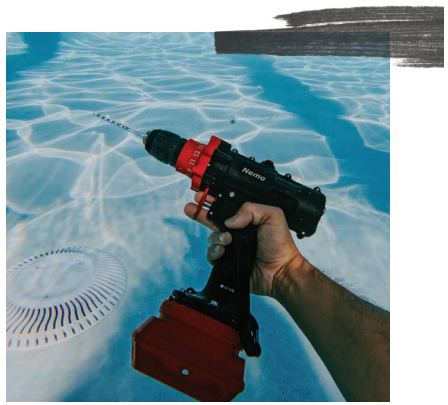

Nemo Power Tools created the world's first completely submersible battery-operated power tools, starting with the Nemo V1 Drill designed for scientific and government use in 2012 before launching commercially in 2013. The company integrates advanced technologies from drone, computer, and marine industries to develop heavy-duty tools that work both above and below water.

Since its inception under Nimo Rotem in 2014, Nemo Power Tools has expanded to offer drills, impact wrenches, angle grinders, flood lights, and hull cleaning brushes, with products now used globally by commercial divers, pool professionals, construction workers, military personnel, and boat owners. We are happy to partner with nearly 100 distributors across 45 countries to deliver innovative underwater power tools worldwide.

NEMO
WATERPROOF DRILL

The Nemo Waterproof Drill is the perfect tool for workers and boaters who need reliable drilling capability in underwater environments up to 16 feet (5 m) deep in salt, fresh, or chlorinated water. Designed for dock and boat hoist installation and repair, swimming pool and aquarium maintenance, marine vessel repairs, and aquaculture or scientific equipment installation. This drill features a 1/2 inch chuck that accommodates various attachments including wire brushes for rust removal, soft brushes for cleaning boat hulls and pool tiles, drill bits for creating holes, and screwdriver bits for driving or removing screws, nuts, and bolts in aquatic work environments.

NEMO
CLEAN DRILL/DRIVER

The Nemo Clean Room Sterilized Drill/Driver is currently used by Pfizer and other pharmaceutical companies for sterile environments. This completely sealed drill provides pharmaceutical professionals with a tool that maintains environmental integrity.

Constructed from aluminum with a non-porous surface, the drill withstands sterilization protocols. It can be cleaned with water and sterilized using alcohol, solvents, and industrial cleaning solutions.

The sealed design ensures extremely low particle generation. Independent laboratory testing confirms the Nemo Clean Room Drill meets ISO Class 7 clean room particulate requirements at 0.5, 1.0, and 5.0 micrometers under operational conditions (ISO 14644-1 standards). Professionals can complete maintenance and repairs in medical labs, electronics manufacturing, and clean room facilities without compromising air quality or clean room status.

NEMO
ANGLE GRINDER

The Angle Grinder was developed due to the growing demand for an electric submersible power tool for underwater cutting, grinding, and polishing. It is the world's first and only waterproof electric grinder with a maximum operating depth of 164 feet (50m). Featuring 1500-watt brushless technology, adopted from the UAV industry, the angle grinder delivers efficiency and durability. The military-grade motor and corrosion resistant paint, make the Nemo Angle Grinder an essential tool for underwater professionals.

NEMO
SDS ROTARY HAMMER

The Nemo SDS Rotary Hammer is engineered for underwater masonry applications. Powered by a high-capacity 6Ah battery, this 11lb (5kg) rotary hammer delivers the perfect balance of control and working mass to drill efficiently. With a hammering frequency of 5,000 IPM and rotation speeds up to 1,040 RPM, the tool provides rapid performance in concrete, wood, and steel. Fully submersible to depths of 164 feet (50m), it performs reliably in underwater environments.

Model/SKU	RH-22V-6Li-50
Battery	22V Li-ion
Battery Cell Specification	3Ah / 6Ah
No Load Rotation Speed	0-1040 RPM
Full Hammering Frequency	0-5000 IPM
Torque	35 Nm
Single Impact Energy	3.2 Joule
Optimal drill diameter (concrete)	1/4 - 5/8 in
Working Temperature	32-140°F (0-60°C)
Net Weight (with battery)	11 lbs (5kg)
Submersible up to	164 ft (50m)

V3 NEMO
FLOOD LIGHT

Nemo's Version 3 Flood Light delivers 15,000 lumens versus its predecessor's 8,000, while keeping all of the features that commercial divers and professional underwater videographers and photographers loved about the original. With 18 Cree LEDs, 10 UV LEDs, 120-degree beam, five intensity levels (20% to 100%), this powerhouse lights up even the darkest depths. Despite its increased brightness, it maintains a burn time of 60 minutes at full power and is built from aircraft-grade anodized aluminum, making it a reliable tool for underwater tasks.

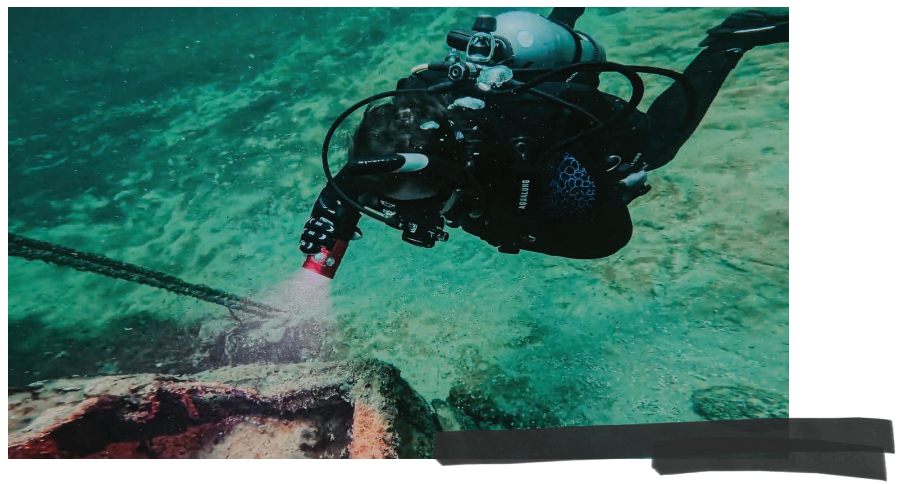

Modes	**Wide-angle white floodlight, UV, and White floodlight**
Brightness	**15,000 Lumens**
Battery Duration	**60 minutes (at 100%)**
Material	**Aircraft-grade anodized aluminum**
CRI	**71**
Weight	**Above water; 300g (without battery), 800g (with battery pack)**
Dimensions	**Length: 147mm, Diameter: 65mm**
Battery Charging Time	**2 hours**
Kelvin Color Temperature	**7000K**
Submersible up to	**328 ft (100m)**

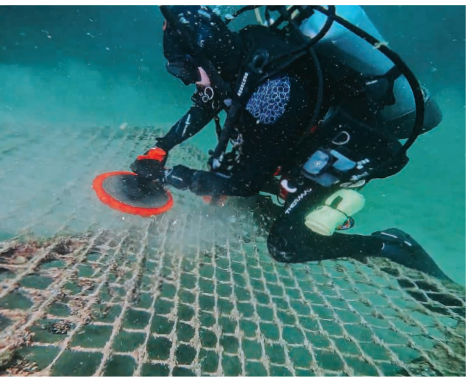

KIT INCLUDES:

- (1) 14.8V 2Ah LI-ION BATTERY
- BATTERY CHARGER
- GOPRO BRACKET
- BALL MOUNT

HULL CLEANER BRUSH SET

The Hull Cleaner Brush Set is essential when it comes to underwater cleaning. The set includes two 300mm (12”) brushes with the option of Red (Soft) or White (Hard) Brushes. Remove marine deposits, tough stains from boat bottoms, clean scum lines, rust stains, propellers, and any in-water surface quickly and efficiently.

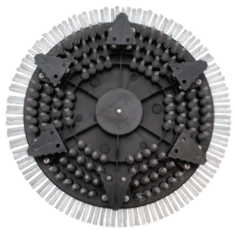

$159.00

HULL CLEANER SCRAPER BRUSH

The Hull Cleaner Scraper Brush, similar to the White Hull Cleaner Brush, has an improved design change and plastic angled fins that can slide over the Hull to remove extra growth build up.

$72.80

SUBMERSIBLE DRILL BRUSH SET

Nemo’s submersible drill brush set comes with 4 brush attachments in multiple sizes and stiffness levels. These brushes take on any underwater cleaning job, including cleaning boat hulls, aquariums, swimming pools, and ponds, and stripping loose paint and rust. The 5-inch red brush and 4-inch yellow brush boast medium-stiff bristles perfect for cleaning fiberglass, tile, and grout. Remove rust and clean durable textured surfaces like concrete with the compact 2-inch red brush, perfectly sized to get into tight spaces. Strip loose paint and descale underwater surfaces with the 3.2-inch diameter dual-bristle black and blue brush, featuring a mix of medium and ultra-stiff bristles.

Set includes:

- (1) 5-inch medium stiffness brush
- (1) 4-inch medium/soft stiffness brush
- (1) 2-inch stiff brush
- (1) 3.2-inch by 5-inch medium to ultra-stiff brush.

NEMO BATTERIES

22V 6AH LI-ION BATTERY

This high-capacity lithium-ion battery is designed to elevate the performance of your Angle Grinder or Rotary Hammer. With power at 22V, and a capacity of 6Ah, this battery guarantees long-lasting power for your drilling needs.

$521.22

18V 6AH LI-ION BATTERY

The Nemo 18V 6Ah Li-ion Battery packs twice the power of our original 3Ah battery and can be used for 2-6 hours depending on the type of work and intensity of the job.

$369.00

18V 3AH LI-ION BATTERY

Pack an extra Nemo 18V 3Ah Li-ion Battery in your carrying case so you'll have the power you need on the job site. Our Nemo 18V 3Ah Li-ion Battery lasts between 1-3 hours, depending on the intensity of the work and the type of job.

$286.00

18V 10AH LI-ION BATTERY

Need extra power for your Hull Cleaner? The Nemo 18V 10Ah Battery is designed to increase efficiency on the job site. This 10 Ah lithium battery has over 2 hours of non-stop work time on a single charge!

$565.78

SPECIAL OPS BATTERY

The Special Ops 18V 6Ah Li-ion Battery can last between 2-6 hours depending on the intensity of the work. Store an extra battery in your carrying case so you`ll have the power you need at the job site.

$405.60

14.8V 2AH LI-ION BATTERY

This 2 Ah lithium battery is designed to power your Nemo V3 Flood Light. With a full battery at the highest setting, it can last up to 60 minutes. Replace your batteries underwater and them running even in the darkest depths.
